3TWENTY APARTMENTS 320 E Wilson St • Madison, WI

Highlights

At 3Twenty Apartments, we enjoyed the challenges of developing this six-story building in the heart of Madison in a tight working space between existing structures and streets. We were able to complete the design project of 29,445 ft² to accommodate two retail spaces and 30 apartment units varying in size from single studios to three bedrooms.

Just blocks away from area restaurants, music venues, State Street, Madison's famous farmer's market, the Overture Center and the new Festival Foods, 320 E Wilson St offers access to all downtown amenities.

Jason Bollig – Executive Vice President

"One great part of the building is the rooftop garden terrace that showcases the amazing views of Lake Monona and the Capitol."
