

Architect

Eppstein Uhen Architects

Size

10,730 ft²

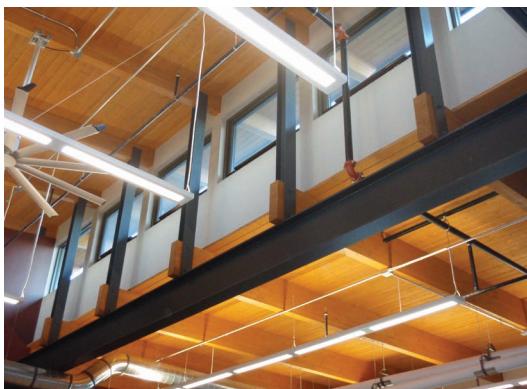

Owner

Village of Plain, Wisconsin

TRAINING & ENTERPRISE CENTER

GREEN TECHNOLOGY 510 Green Blvd • Plain, WI

Highlights

Green Technology Training and Enterprise Center is an educational incubator building owned by the Village of Plain. They needed us to construct a new space that would serve the community but that would also meet sustainability standards.

With the client's goal in mind, we chose to use structural insulated panels, a photovoltaic generation system, a geothermal HVAC system with natural ventilation features and a green roof. We were able to complete the project in just five months while still earning LEED Gold certification.

Steve Holzhauser – Eppstein Uhen Architects

“With Ideal Builders, you can work closely with the owners and the architect. They are problem solvers.”
